Message Description

Session 1: *Controlling Your Husband's Destiny Through Your Prayers*

This two hour session analyzes the Biblical role of a wife as described in the early chapters of Genesis. It reveals the awesome Scriptural meaning of the often politically incorrect word: control. Definitions and levels of prayer are explored and an extensive Biblical overview of the doctrine of man's trinity is presented as a most valuable tool for discernment to be utilized in intercessory praying. This session is the Biblical basis for the remainder of the seminar and attendance is mandatory for all who participate in the later sessions.

Session 2: *Personal Inventory And Spiritual Exercise*

This session is designed for each participant to experience time alone with the Lord. It includes a time of personal cleansing to prepare for spiritual insight and a time of personal inventory that will quicken discernment into how God has fearfully and wonderfully created you and your husband.

Session 3: *Understanding The Body*

Beginning the exploration of man's trinity, this session focuses on the physical part of man. An examination of what the Bible teaches about the body is paired with the current limited scientific studies of cycles, metabolic tendencies, and the immune system. Discernment is gained by the participant to know how to shore up the weaknesses in her husband's body through her prayers to *preserve him blameless unto the coming of Christ (1 Thessalonians 5:23)*.

Session 4: *Understanding The Soul*

Continuing the exploration of man's trinity, this session focuses on the mind, the will, and the emotions of man. An examination of what the Bible teaches about these three parts that comprise man's soul sheds delightful ancient light on even the most recent scientific discoveries of man's brain. Discernment into how her husband's brain works and into his temperament and emotions becomes a profound tool for the participant to use in her prayer life for her husband.

Session 5: *Understanding The Spirit*

Concluding the exploration of man's trinity, this session focuses on the part of man called his spirit. Following a brief explanation of the believer's spiritual motivational gifts, much time is given to understanding sin tendencies. The participant will learn how to discern the structure of iniquity in her husband's life and how to pray for his freedom as well as how to shore up his weaknesses through her prayers.

Session 6: *Sin, Suffering, Supplication, and Success*

The closing session is designed to prepare the participant for the spiritual opposition and victory that will be hers as she takes on the responsibility of intercession for her husband.
